

Finance your purchase with an AAA-rated Shopping Line from EKF

Danish suppliers offer a diverse range of goods and services. If you place your orders in Denmark, we can finance your purchases.

We can arrange a Shopping Line where you will meet Danish companies relevant for your business.

Due to an AAA-rated guarantee from EKF, we can secure a competitive financing package that improves your cash flow during construction.

The Shopping Line enables you to purchase from various Danish suppliers financed by only one credit facility.

What are the advantages of a Shopping Line?

One financing solution covering multiple contracts from various Danish suppliers

You obtain only one credit even though your orders are placed with several Danish suppliers. Your purchases do not have to be linked in any way.

No maximum amount

A Shopping Line is not subject to any minimum or maximum amount and can therefore be used for financing large as well as small orders from various Danish suppliers.

You gain access to suppliers of Danish goods and services

We help you gain access to Danish suppliers to increase your potential supplier base.

Greater willingness from the bank

We arrange the Shopping Line through a local or an international bank. With a Shopping Line from EKF, banks are more willing to offer you better terms.

Financing of local costs

Local costs related to your purchases from Denmark can partly be financed under the Shopping Line.

Your cash flow during construction improves

The competitive financing package will improve your cash flow during construction.

What does a Shopping Line cover?

Cover

Your bank's loss if you do not repay the credit as agreed

Percentage of cover

Up to 95 %

Amount

Three practical questions

How much?

EKF charges a premium for the guarantee. The size of the premium depends on your country, credit-worthiness, currency, general market conditions and the repayment terms. The premium can be financed under the Shopping Line.

In addition to the EKF premium, you pay interest and costs to the bank.

What does it require?

You have to purchase equipment from Danish exporters and/or its subsidiaries.

You and the bank are interested in obtaining/providing a financial solution.

You must be creditworthy.

What can you do?

Please contact us for more information on Shopping Lines.
