- › benefit from a stable financing solution at competitive rates

EKF can help you.

Secure your financing

If you need long-term financing to buy goods or services from a Danish company, EKF, together with a bank, can help you arrange financing from the supplier.

Or, if you plan to purchase goods or services from various Danish companies, we may be able to arrange a shopping line covering multiple contracts. This enables you to make purchases from multiple Danish suppliers with

the peace of mind that the financing is already in place.

We participate in both small and large transactions. In both cases, you will be offered a competitive financing deal once you are covered by our AAA-guarantee to back your credit.

Financing to international buyers of Danish goods and services is primarily used in connection with purchases of capital goods and with credit periods of six months and above.

How much?

EKF charges a premium for the guarantee. The size of the premium depends on your country, creditworthiness, currency, general market conditions and the repayment term.

You can easily calculate your premium on our website.

In addition to this, you pay rates and charges for the credit.

Why choose EKF?

With EKF to bear the risk, you benefit from being backed by the Danish state when you purchase goods and services from your Danish supplier.
